

SAQIB IQBAL

I'm a software engineering undergraduate student with a growing interest in the exciting fields of artificial intelligence (AI) and data science. As I progress in my academic journey, I've become increasingly captivated by the endless possibilities and transformative potential of AI and data science. These fields hold the promise of not only enhancing our understanding of data but also shaping the future of technology and how we interact with it. I'm eager to learn more, explore new avenues, and contribute to the ever-evolving landscape of AI and data science.
